SCHMIEDE TEILE ELEMENTE forge parts elements

Unsere jahrelange Erfahrung im Projektbereich sowie unsere Zusammenarbeit mit verschiedenen Architekten haben uns zu einem verlässlichen und innovativen Partner gemacht. Im Laufe der Jahre entstand aus diesen umfangreichen Projektstätigkeiten ein Teileprogramm, welches sehr viele Kombinationen zulässt und dem Handwerker einen hohen Gestaltungsspielraum erlaubt.

Dekorative Elemente aus Messing, wie z.B. Blätter und Blumen, verleihen einem Objekt Abwechslung und Struktur. Unser Programm bietet Ihnen eine Vielfalt von Möglichkeiten, Akzente zu setzen.

Nutzen Sie unsere Fertigungsmöglichkeiten auch für Ihre Projekte und Einzelstücke.
Wir entwickeln gemeinsam mit Ihnen Ihr individuelles Design.

Our long-standing experience in project activities and our cooperation with various companies has made us a reliable and innovative partner. Due to our extensive project works during the years we were able to develop a full range of metal parts which to the craftsman permits a lot of combinations and high flexibility in designs.

Decorative brass elements, like leaves and flowers, can add variety and structure to any object. Our programme offers you many possibilities to put emphasis on your creative work.

You may use our manufacturing opportunities also for your projects and unique pieces.
Together we develop your individual designs.
